

TINY HOUSE HOTELS

all images are from the internet and can be replicated in Bamboo

The Next Level of Eco-Tourism

As the world moves to a more responsible form of life, even holiday choices are shifting towards eco-tourism and environment friendly options. Tiny house hotels are rapidly becoming popular across the world and India can't be far behind. Prefabricated Tiny Houses allow you to shift focus from building your Hotel to running it. Tiny houses also allow for shifting the hotel as per the season and double your income.
